### About MyCEB

MyCEB was established in 2009 by Ministry of Tourism and Culture, Malaysia to further strengthen Malaysia's business tourism brand and position for the international business events market. A non-profit organisation, MyCEB serves as a central hub to assist meeting and event planners to bid for and stage international business events in Malaysia and act as a conduit for national product development. MyCEB's goal is to improve its rankings as an international meetings destination within International Congress and Convention Association (ICCA) and to grow business tourism arrivals to Malaysia.

In December 2016, MyCEB mapped out the way forward for Malaysia in business events with the launch of '**Malaysia's Business Events Roadmap: Charting Malaysia's Journey to 2020 and Beyond**'. In helping to power Malaysia's knowledge and creative economy, the business events roadmap will lay the groundwork, set up and manage the platforms for collaboration and support the development of strong local hosts. The country has also played host to 65 associations and conventions, 28 exhibitions and 283 corporate meeting and incentive groups in 2016.

With a total of 1691 events for the past seven years and delivering an estimated economic impact of RM8.66 billion, Malaysia is on track to drive positive momentum for the business events industry.

Malaysia Major Events, previously known as International Events Unit (IEU) is another division of Malaysia Convention & Exhibition Bureau (MyCEB). It focuses on identifying and supporting major event bids for sports, arts, lifestyle and entertainment events. It also assists home grown and home hosted events as well as other cluster events that strengthen Malaysia's global appeal as an international avenue for major events.
