THE BACKGROUND

The International Chinese Million Forum (ICMF) is an initiative of the China Million Forum (CMF) to create a global event after 15 years of holding General Assembly in mainland China.

In line with the “One Belt One Road” initiative project with the objective to build trade routes between China and countries in Central Asia, CMF has set up its first ASEAN headquarter in Malaysia which indicates great opportunity for China insurance and financial investments in Malaysia.

Malaysia is the first country to host the ICMF outside of Mainland China and was chosen for the 2nd ICMF due to the strong support from stakeholders. Malaysia is seen as the location with the right balance of all the requirements by ICMF. MALAYSIA CHOSSEN AS THE FIRST DESTINATION OUTSIDE CHINA

Malaysia was selected as the host of the first event of ICMF to be held out of Mainland China, in line with the “One Belt One Road” initiative project with the objective to build trade routes between China and countries in Central Asia.

The ICMF 2019 was managed by the representatives from Malaysia. The destination was chosen as there are comprehensive marketing and promotional plans in hand to achieve the targeted number of participants.

The local representatives acted as the secretariat of CMF-SEA to manage the event preparation, from the sourcing of venues and suppliers, recruitment of local sponsorship, to the actual execution of the event in Malaysia itself.

Taiwan, Singapore and Thailand were the competing cities to host the event and Kuala Lumpur was the second option after Taiwan was inspected.

More importantly, ICMF acts as a solid avenue for the Chinese life insurance industry to connect with counterparts around the world, promoting best practices and solutions of global standards.

Malaysia-China ties

The initiative of hosting the 2nd ICMF is expected to benefit the trade relations of Malaysia and China.

The Ministry of Tourism, Arts and Culture Malaysia is looking forward in achieving 5% increase in tourist arrivals from China, which is an optimistic figure for Malaysia as it is belting out many new products and services including seven new hotels and are expecting another 10 new hotels, up to year 2020 to cater the demands as we are gearing up for the Visit Malaysia 2020.

China is an important partner to Malaysia in many aspects. It is the largest source of tourists to Malaysia outside ASEAN, with a record of around 2.9 million visitors from China stepping onto the Malaysian shores with a total expenditure of RM 12.3 billion in tourist receipts, last year.

Malaysia and China have been a good trading partner and the bilateral relations traces back to historical eras. China has always been regarded as one of Malaysia’s most valuable markets as well as the largest source of tourist arrivals besides those from ASEAN member countries.

It is duly noted that Malaysia is one of the top three countries with the highest flight capacities for Chinese leisure and business visitors with over 495 weekly flights with over eight hundred thousand seats, from China.

As an effort to improve the current relationship with China, the Malaysian government implemented visa exemptions and e-visa programmes to make travelling from China a smoother journey. The tourists from China can be expected to experience Malaysia without any hassle or inconvenience.

The initiative in having the 2nd ICMF here in Malaysia is in line with the government’s aspiration to position Malaysia as a preferred Business Events (BE) or Meeting, Incentives, Conventions & Exhibitions (MICE) hub and a choice destination in the region to complement the target of achieving 30 million tourist arrivals and RM100 billion in revenue by 2020.
